

TEXILA'S CERTIFICATE COURSE IN MATERNAL-CHILD HEALTH

This course provides a better understanding and awareness of women and children's needs and health problems around the world.

The Continuum of Care recognizes that safe childbirth is critical to the health of both the woman and the newborn child.

WHAT IS MATERNAL CHILD HEALTH?

- Maternal and child health care is the health service offered to mothers and children and is a significant public health issue.
- It improves the availability and access to high-quality primary and preventive care for parents of infants.

DURATION

3 Months with a Certificate upon Completion

CAREER PROSPECTS

Sectors such as Hospitals, Public Care Clinics, Community Birthing Centres, and more.
